CONFERENCE
OCT. 9-11, 2023

Nishadhi Nikalandawatte, Andy Jimenez
Exceeding Expectations, Inspiring Quality

How do you define Quality?

Quality embodies the fusion of precision, reliability, and excellence across all aspects of products, services, and processes.

- Subjectivity
- Stakeholder Differences
- Industry Standards
- Cultural Variations
- Functional vs. Aesthetic Quality

- Evolving Standards
- Economic Considerations
- Contextual Relevance
- Education and Awareness

Quality means doing it right
when no one is looking.

Henry Ford

quotezancy

How do you define Quality Mindset?

What is quality mindset?

How do you define Quality Mindset?

Core characteristics of a Quality Mindset

Customer Focus

Continuous Improvement

Holistic Perspective

Prevention Orientation

Ownership and Accountability

Innovation and Creativity

Clear Standards and Processes

Do the right thing

How do you define Quality Mindset?

The journey to a Quality Mindset

It takes a village.

Cultivating a quality mindset is important for organizations seeking to establish a reputation for excellence and reliability. It involves instilling a shared commitment to quality throughout the organization, from leadership to individual contributors.

How to identify Quality Mindset gaps?

Be a yard stick for quality. Some people are not used to an environment where quality is expected.

- Steve Jobs

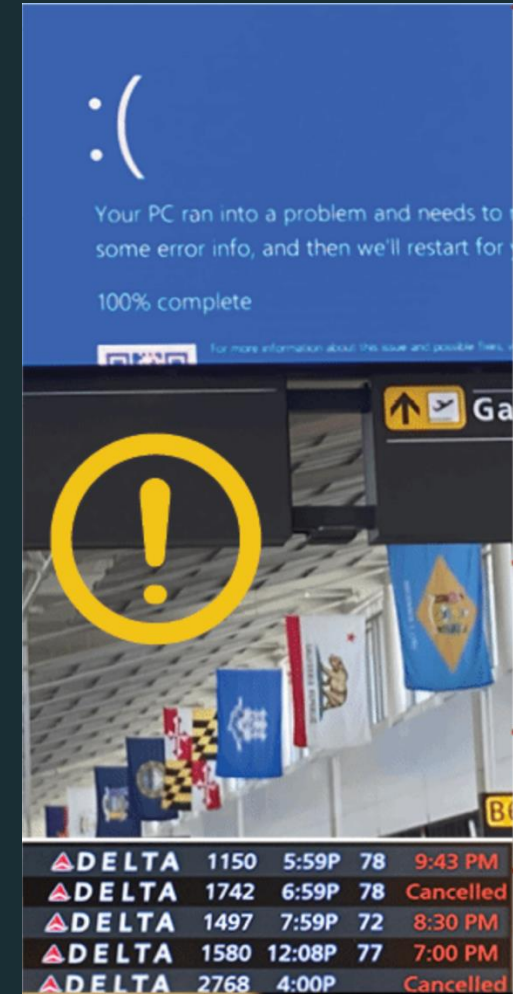

- Review Processes and Procedures
- Analyze Metrics
- Perform Root Cause Analysis
- Assess Training and Skill Levels
- Evaluate Documentation
- Conduct Audit and Collect Feedback
- Collaborate Across Teams
- Benchmark Against Best Practices

What happens if Quality is not a priority for an organization?

What does poor quality look like?

CrowdStrike (2024)	Boeing 737 MAX groundings (Oct 2018-March 2019, 2023 and cont.)	Target data breach (2013)
Gangnam style music video breaks YouTube (2012)	The explosion of the Ariane 5 (1996)	Patriot missile failure (1991)
AT&T lines go dead (1990)	Therac-25 (1982)	

What happens if Quality is not a priority for an organization?

When quality is not your first citizen...

- Decreased Customer Satisfaction
- Lack of Accountability
- Lack of Productivity
- Absence of Long-Term Vision
- Legal and Compliance Risk

Implementing the “Quality Mindset”

Quality Stakeholders

External

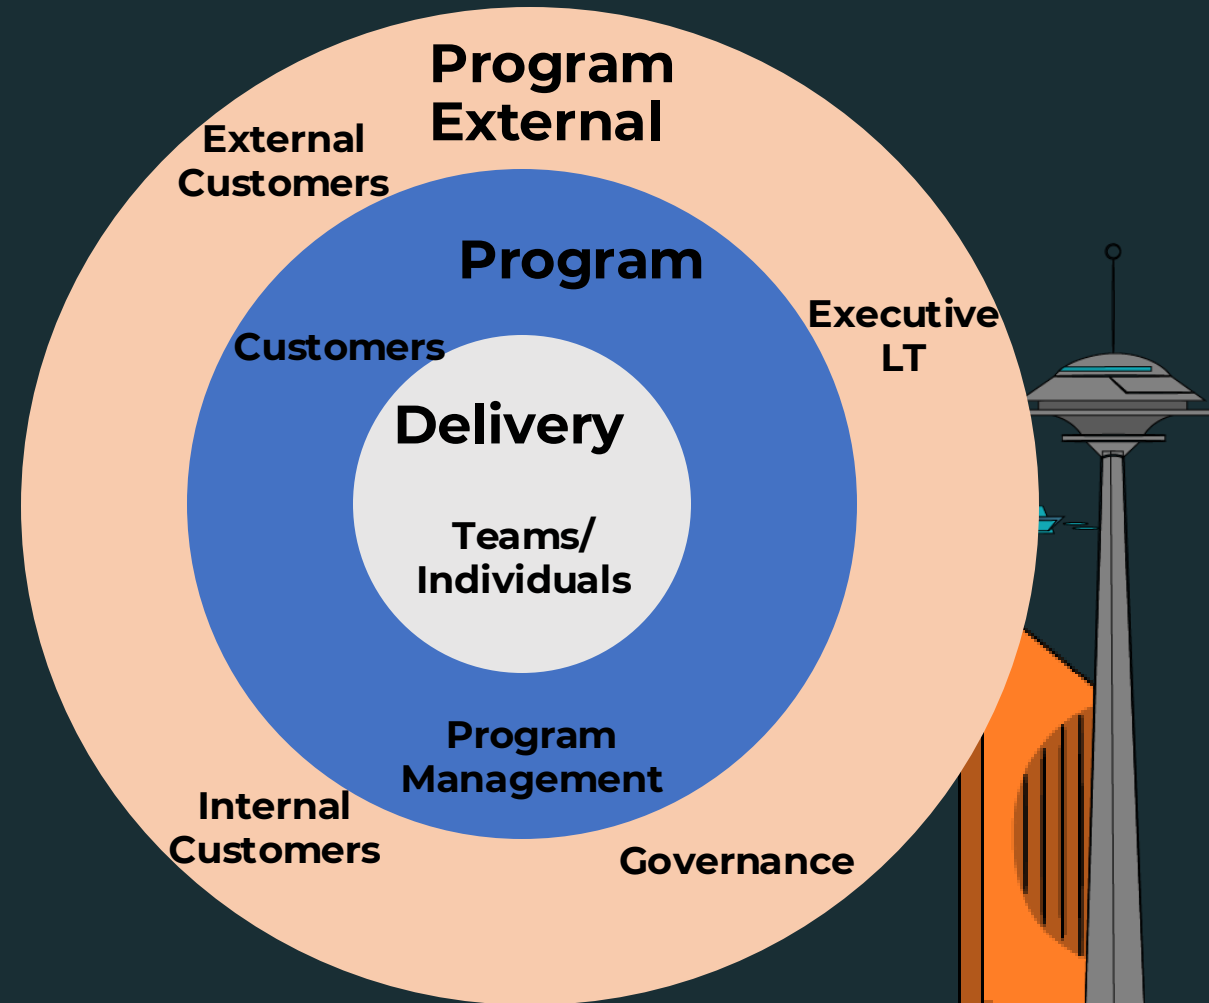

- Share the Vision of the outcomes with Clarity
- Represent External Customers
- Demonstrate buy in to Quality outcomes
- Empower teams with Accountability

Program

- Promote and Foster collaboration and transparency
- Inspect, Adapt and Re-enforce processes
- Define and Share Quality objectives with Delivery teams

Delivery

- Embracing Quality as a Core value
- Implementing QA/QE practices
- Provide feedback with openness and transparency with the Customer in mind.

Navigating the Quality Landscape: Executive Leadership

- Setting the Vision
- Allocating Resources
- Establishing Policies and Processes
- Leading by Example
- Providing Support and Guidance
- Monitoring Performance
- Celebrating Successes and Recognizing Contributions
- Driving Continuous Improvement

Cultivating Excellence: The Strategic Influence of Program Management

- Alignment with Organizational Goals
- Quality Plan Development
- Talent Management
- Stakeholder Engagement
- Risk Management
- Monitoring and Reporting
- Facilitating Collaboration
- Driving Accountability

Quality at the Helm: The Vital Role of Teams and Individuals

- Embracing Quality as a Core Value
- Understanding Requirements and Expectations
- Contributing to Process Improvement
- Taking Ownership of Quality
- Providing Feedback and Suggestions
- Being Proactive in Problem-Solving
- Executing Quality Assurance Activities
- Championing a Culture of Quality

Challenges of Quality Mindset Implementation

Nobody ever claimed it would be

simple...

Resistance to Change

Limited Resources

Communication Barriers

Lack of Stakeholder Buy-In

Inadequate Skills and Expertise

Complexity of Processes

External Pressures and Market Dynamics

Resistance to Quality Metrics

Short-Term Focus

Sustainability of Efforts

41ST ANNUAL
PACIFIC NW SOFTWARE
QUALITY
CONFERENCE
OCT. 9-11, 2023

Nishadhi Nikalandawatte, Andy Jimenez

Exceeding Expectations, Inspiring Quality

Addressing Quality Mindset Implementation Challenges

- Identify Challenges
- Create Awareness
- Provide Training and Resources
- Establish Clear Expectations
- Empower Employees
- Address Resistance
- Celebrate Successes
- Monitor and Adjust

The journey of a thousand miles begins with one step. - Lao Tzu

Conclusion

Quality Transformation: From **Before** to **After**

Emphasizing quality as a priority yields **consistency**, **reliability**, **customer satisfaction**, **fostering trust** and **loyalty**. On the contrary, neglecting quality results in **inconsistencies**, **unreliability**, **customer dissatisfaction**, **eroding trust** and leading to **missed opportunities**.

BEFORE

Decreased Customer Satisfaction

Lack of Accountability

Loss of Productivity

Absence of Long-term Vision

Legal and Compliance Risk

Quality Mindset Adoption

AFTER

Customer Satisfaction and Enhanced Reputation

Ownership and Accountability

Innovation and Creativity

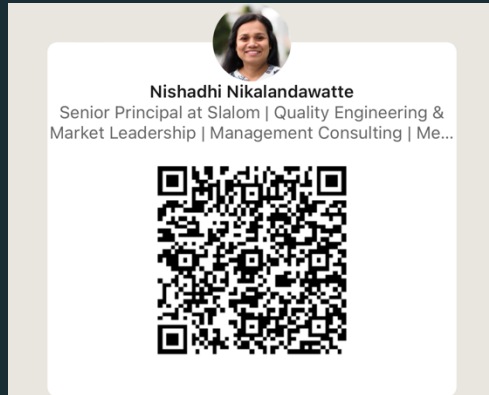

Long-Term Sustainability

Financial Stability and Sustainable Business Success
